## *OCTOBER 2020*

Praise the Lord!

The apostle Paul had many wonderful things to write in the scriptures. His writings show the honesty of a man who walked with God through many seasons. He had his highs and he had his lows, but Paul always showed an attitude of faithfulness to God. From within a dungeon, he encouraged a church by telling them to rejoice in the Lord at all times. To the Church in Rome, Paul reminded them that all things (whether good or bad) would work together for good to them that loved God. Paul would encourage another church to give God thanks in every situation. One of Paul's most encouraging words were "I can do all things through Christ which strengthens me". Again Paul would encourage those in Rome by reminding them that nothing could separate them from God's love. All these scriptures are relevant and real to Gods people in 2020.

Jesus, is the same yesterday and forever therefore we can also declare these scriptures and many more encouraging words over our own lives. So let's live with an attitude like the great apostle, with a lifestyle that declares that in every season and situation, I will walk faithfully with my God!

God bless,

Pastor Jacob
